[1] At least 95 per cent of samples must have counts not exceeding the mandatory limit values for total and faecal coliforms.
[2] In 1993, Northumbrian and Yorkshire were amalgamated into one region, now called North East; and Wessex and South West were amalgamated into one region, now called South West. Results for the old regions are given for comparison with earlier years.
[3] Bathing water newly identified for 2001 season.
[4] Sites closed during the 2001 season
